ALLEGED USE OF LIQUOR
AT CLASS FUNCTIONS

Faculty Club Accused of Drink-
ing With Students at So-
cial Functions

The following circular letter dated at Berkeley, Cal., and signed by Mrs. J. L. Slater, president of the Berkeley W.C.T.U., and Mrs. J. O. Davis, superintendent of legislation and petitions of the same union, is being sent to W.C.T.U. workers over the state, calling attention to the conditions of affairs said to exist in the University of California:

The Woman's Christian Temperance Union of Berkeley has long been aware of the fact that intoxicating liquors have been served at the various class functions of the University of California. Lately an excellent opportunity presented itself to protest against it when it was publicly announced last week in the newspapers that there was dissension among the members of the sophomore class as to whether intoxicating liquors should be served at their class reunion. We immediately aroused the ministers, the ministerial association and other organizations to action and got them to petition President Wheeler to stop the "beer bust," as it is termed by the students. In spite of these petitions President Wheeler refused to interfere. The "wets" in the sophomore class won and they decided to have the "beer bust." It was not until the police notified the sophomore class that they would not allow it to take place that the class finally called it off.

The Berkeley W.C.T.U. sent a letter to the president of the university, a copy of which is also being sent to the governor of the state. Extracts from the letter are as follows: "The faculty should make it one of the rules of the university that alcoholic beverages must not be served in any form at any of the class reunions, smokers or banquets of the university. The faculty should be the final authority in all matters governing the physical and moral welfare of the student body. Parents of students look to the president and faculty to do all in their power to overcome this terrible temptation. We protest against professors and instructors of the University of California drinking wine at the Faculty Club and at banquets of university societies and fraternities at which students are present, as by their example they make drinking popular. We call attention to the fact that much drinking exists at some of the fraternity houses and request that the faculty adopt measures to supervise these houses."

The Faculty Club is composed of the president, professors and instructors of the university, and it is at this club where wine and beer are served. This is a disgrace to the university, as is also the fact that some of the professors and instructors drink with the students at their social functions connected with the university.

We want each union in the state to write at once a similar letter to the president of the university and also to the governor of the state, who is president of the Board of Regents, also to ask the ministers of their town to send petitions; also the young people's societies of the churches. The fight is now on to stop drinking at all class functions of the university; we must have your cooperation in order to win. It is only by petitions and agitations that we can put a stop to this awful state of affairs which help to drag many of the students—"mother's boys"—down to destruction. This is a great opportunity for action. Do not delay.

RICH NEW YORK MERCHANT DIES
NEW YORK, Dec. 6.—Isaac Stern, one of the best-known dry goods merchants of the United States, died suddenly of heart disease at his home here early yesterday. He founded the firm of Stern Bros. nearly 50 years ago.

GAS FROM HEATER
PUT DEATH NEAR

Miss Irene Smith, aged 15, was almost asphyxiated Sunday morning at her home at 622 South Main street. She had gone into the bathroom to take a bath, locking the door. An instantaneous heater was used to heat water. This heater either did not light or went out. Other members of the house heard a moan coming from the bathroom. Getting no response to calls, the door was broken in and the unconscious girl was dragged from the bathroom. With the aid of a physician she was soon revived.

FUNERAL TO
BE QUIET ONE

Interment of Mrs. Eddy Will
be at Cambridge—Scientists
to Pay No Heed

BOSTON, Dec. 6.—The body of Mrs. Eddy will be buried in Mount Auburn cemetery, Cambridge. It has been definitely decided that the body will not occupy the crypt in the foundation of the "mother church," where it was originally intended to rest. All arrangements for the funeral were completed today. The request was made today that no flowers be sent to the Eddy funeral.

The Christian Scientists throughout the country will not pay any attention to the funeral of their leader. They will neither stop their work at the hour of the funeral, nor curtail their pleasures on that day.

GLOVER WILL NOT CONTEST
FOR MOTHER'S ESTATE

CHICAGO, Dec. 6.—George W. Glover, son of Mary Baker G. Eddy, accompanied by his son and daughter, arrived here today from Lead, South Dakota, en route to Boston to attend his mother's funeral. While besieged by reporters Glover reluctantly said: "I don't intend to contest for mother's private estate. Her religious views were her own business, not mine; I don't care to discuss such private matters. I am simply going to her funeral, and want to be let alone."

WANT HADLEY NAMED
CARETAKER OF PARK

A petition to the Board of Supervisors asking that Elias Hadley of El Modena be appointed caretaker of the County Park was filed today. The petition bears the signature of many well known residents of El Modena, Orange and Santa Ana. Appointment is to be made in January.

Arizona Now Has Four Articles
of Government—Expense
of Law Makers

PHOENIX, Dec. 6.—The constitutional convention today formally adopted the preamble and four articles of the new constitution. The articles adopted define the state boundaries, provide for the referendum and initiative and contain a declaration of rights and the distribution of power.

Expense of Convention
A financial statement rendered today shows the expense to date of acquiring statehood has been \$15,950.07. \$6,000 additional is under dispute. It is estimated the total expense when the convention adjourns will be nearly \$54,000.

PACKERS ASK THAT
CASES BE PUT OFF

CHICAGO, Dec. 6.—Part of the packers individually indicted for conspiracy in violation of the Sherman anti-trust law today filed with Federal Judge Carpenter a motion asking that action in their cases be postponed until after settlement of the suit now pending before Federal Judge Landis for the dissolution of the National Packing Co.

GIRL MURDERED AFTER
TERRIBLE STRUGGLE

REVELSTROKE, B. C., Dec. 6.—Miss Fanny St. Clair was found murdered in her home at Comapix. Her face was covered with blood and her head lay in a pool of blood. Evidence of a terrible struggle prevailed. No clue to the perpetrator of the crime has been found.

MORE CENSUS FIGURES

WASHINGTON, Dec. 6.—The population of Arkansas is 1,574,449, an increase of 20 per cent, according to a census bureau bulletin. The population of South Carolina is 1,515,400, an increase of 13.1 per cent.

Arkansas will gain another congressman under the present method of apportionment.

Asphalt Roads in Massachusetts.

It is the expectation of the Massachusetts highway commission to extend the use of asphalt compounds for the coming season in its roadmaking. The general opinion of its engineers last year as the season progressed was that the asphalt products were more reliable and gave better results than the tar products; also that it appeared that the asphalt would wear for a greater length of time. As a result of its experiments the commission treated many miles of macadam surface, which was badly worn, by filling all orts, holes and depressions with a mixture of asphalt, oil and gravel or a sharp sand and stone and stone screenings, the road being evened up and brought as nearly as possible to a uniform smooth surface. Then the road was coated with from one-fourth to a half gallon of hot asphalt oil to the square yard. The oil was laid on as evenly as possible over the surface, being spread with a broom where necessary. It was then immediately covered with sand, gravel or screenings spread evenly over the road surface in sufficient quantities to absorb all of the oil. If it appeared it was covered from time to time, so that no oil should come in contact with passing vehicles.

SCOTT'S ESTATE IS
VALUED AT \$10,000

D. N. Kelly today petitioned the superior court for letters of administration on the estate of W. M. Scott, county assessor, who died on Nov. 27. Kelly is nominated for administrator by Mrs. Libbie J. Hammond, sister of the deceased. Mrs. Hammond and a brother and sister in Wisconsin are the heirs. The estate upon which administration is asked is valued at \$10,000, consisting of real estate, sixty-two shares of stock in the Abstract & Title Guaranty Co., \$3720; 100 shares in Alta Vista Co., \$500; 6 shares in Farmers & Merchants' National Bank, \$1200; 4 shares in Santa Ana Steam Laundry, \$400; 1 share in Santa Ana Hospital Association, \$100; 5 shares in Southern California Sugar Co., \$500; cash, \$40. Williams & Rutan are attorneys for the petitioner.

Good Road Legislators Needed.
"What we need in this country," says a good roads expert, "is legislators who are willing to sacrifice their political future in behalf of good roads. In this dying politically they will have rendered more service to their country than by living many years. We like the temper of those Alabama folk who are demanding of candidates for office that they speak out plainly for better roads."

NAME KELLY
FOR SHORT
TERM

Chief Deputy Under W. M.
Scott to Take Assessorship
to January 1st

HIS APPLICATION
ONLY WAS FILED

Over 200 Names Signed to Petition—All Five Votes for
Man Chosen

David N. Kelly is now assessor of Orange county. By the unanimous vote of the Board of Supervisors he was appointed to fill out the unexpired term and the vacancy caused by the death of County Assessor W. M. Scott on Nov. 27.

It was 11:20 o'clock before the full board was present. Chairman Angle stated that the first business was the filling of the vacancy. Clerk Williams read the application of D. N. Kelly, who was Scott's chief deputy. After retiring to executive session, the board balloted, and all votes were for Kelly.

Kelly will file a personal bond of \$15,000 this afternoon. The short term ends at 12 o'clock noon, Jan. 1, 1911.

The fight for the appointment for the four-year term, which will be made by the supervisors at their first January meeting, has begun. The fight is full of side issues, each supervisor having an eye out for some of the other gifts of the board, such as chairman, county physician and county veterinarian.

Kelly's bondsmen are O. H. Burke, M. M. and C. S. Crookshank and A. Getty. George M. Wright is named as his chief deputy.

Good Government League Wants the
Price Cut if Passenger Can't
Get a Seat

SAN FRANCISCO, Dec. 6.—An ordinance prohibiting the local railway companies from charging more than three cents fare if the passenger can not secure a seat, was introduced at yesterday's meeting of the board of supervisors and referred to the public utilities committee. Supervisor Hooks introduced the bill, which is backed by the Good Government League.

SAN DIEGO WANTS N. E. A.
IN EXPOSITION YEAR

SAN DIEGO, Dec. 6.—San Diego will make a strong effort to land the annual session of the National Educational Association in 1915, Panama Exposition year. This year's session will be held in San Francisco in July. Supt. MacKinnon of the San Diego schools, member of the executive committee for California, with a large delegation of teachers, will attend the San Francisco gathering to lay the foundation for securing the meeting four years hence. Ella Flag Young, superintendent of the Chicago schools, is expected to visit Southern California in February. At that time she will visit San Francisco in the capacity of President of the N.E.A. to inspect arrangements for the meeting. En route home she is expected to spend some time in Los Angeles. Supt. MacKinnon will endeavor to induce her to visit the San Diego schools.

Bar Association Says That
Voters Could Not Manage
New State Charter

LOS ANGELES, Dec. 6.—A committee appointed by the California Bar Association today returned a report disapproving the plan that provides for a new constitution for the state.

The report was rendered at the convention of the association at Blinnard Hall. Minority members committee reported as favoring a new charter. One of the majority committee members said:

"You know the difficulty the voter has with even a few constitutional amendments. It would be like seeing a cripple dodge a flock of automobiles to see the average voter wrestle with an entire new constitution."

JURY BEING SELECTED
IN TRIAL OF DR. BURKE

SANTA ROSA, Dec. 6.—The work of selecting a jury to try Dr. Willard Burke, accused of dynamiting the dwelling occupied by Miss Lou Etta Smith and her child, also named Willard Burke, began today. No interruption was made during the selection of the foremen and it is not believed the defense will resort to technicalities. Burke appeared in court, but Miss Smith was absent.

BUTTER PRICE
IS DISCUSSED

Secretary of National Dairy
Union Tells of Conditions of
Regulation As It Stands

ST. PAUL, Minn., Dec. 6.—E. K. Slater, secretary of the National Dairy Union, has issued the following:

The discussion given to the subject of cost of living has directed more or less attention to the Federal oleomargarine tax and the price of butter. People who are in favor of repealing the present oleomargarine law have taken advantage of the situation to loudly condemn as "undemocratic and un-American" this "burdensome tax on a pure, wholesome and nutritious food product."

They conveniently forget to explain that over 97 per cent of the oleomargarine put upon the market is taxed at only one-fourth cent per pound. They do not explain that only that oleomargarine that is artificially colored is taxed at ten cents per pound.

Even if it were all taxed at ten cents per pound it would have absolutely nothing to do with the price of butter after the latter reaches thirty cents a pound retail. It costs about fourteen cents a pound to produce the very best grade of oleomargarine. Add to this a ten cent tax and the cost of production would be twenty-four cents. The product could be retailed at thirty cents at a handsome profit to manufacturers and retailer.

Looking at the question from any viewpoint it is clearly seen that the oleomargarine law has absolutely nothing to do with the price of butter.

The dairy interests of the country are not enjoying any benefit through oleomargarine legislation except as the integrity of the industry is maintained. In this every honest citizen should feel a keen interest. He should also understand that the effort put forth by the manufacturers of oleomargarine to secure legislation which will make it easy for men to commit fraud in selling oleomargarine is not inspired by love for the "poor man who wants a cheap substitute for butter."

The whole proposition may be thus summed up: Oleomargarine is now made to taste and smell something like butter. The manufacturers want the privilege of putting it upon the market so that it will look like butter, thus making it easy to commit fraud. Every good citizen should be interested in effective pure food legislation and the oleomargarine law is just such legislation—no more, no less.

CONGRESS HEARS TAFTS
VIEWS ON VITAL TOPICS

Interest Faded After Tariff Section—
Treasurer States Estimates of 1912
Running Expenses

WASHINGTON, D. C., Dec. 6.—Congress convened at noon today. Shortly afterward the annual message of President Taft was sent in, and its reading began in both houses. The members had been provided in advance with printed copies of the message, which they read, following the reading clerks, who droned out the message.

The President's recommendations regarding the tariff, and the statement that the tariff board would not be ready to report during the regular session of Congress, caused a buzz of comment. Politicians profess to regard as significant the President's warning that the co-operation of Congress is necessary to keep tariff revision confined to the schedule by introducing schedule matter, and not to reopen the entire bill.

Many congressmen believe it constitutes a plea to the next Congress to prevent the business stagnation that he believes would follow another revision of the tariff. The general comment leads to the belief that the congressmen consider the message an excellent business document. The Democrats and insurgents criticize it because of its reference to the high cost of living. The message is slightly longer than Roosevelt's "Marathon" message of 1905, requiring more than forty thousand words.

CONGRESSMEN TALKED TOO
LOUD TO HEAR MESSAGE

The interest of the congressmen in the reading of the message declined quickly, as a majority of the members, carrying printed copies, strolled into the cloakrooms. Although they discussed the message freely, they showed no evident interest in its reading. There were only fifty members left in the House an hour after the reading started. Their conversation was so loud that it was impossible to hear the voice of the clerk reading the message.

A similar exodus occurred in the senate. Only fifteen senators remained in the chamber, and they paid no attention to the reading. In one group Senators Cummins, Clapp and Bristow talked animatedly while the reading progressed and Hale conversed with Guggenheim and Terrell of Georgia, who has just been seated.

For the first time in fifty years the house opened without prayer, Chaplain Gowden not arriving until several minutes after the session had opened. When he entered proceedings were halted while he offered a brief prayer.

Chaplain Clark quickly left the chamber and Speaker Cannon resigned his chair to Smith of California and went to his own office. Vice-President Sherman also disappeared after calling Jones of Washington to the chair. In the senate wise clerks nimbly skipped thirteen pages of the message, thereby finishing their task an hour ahead of the house clerks, who completed their task at 3:05. Only twenty-five were present when it was completed and the galleries were deserted.

(Editor's Note.—The President's message is printed on page six of the Register.)

ESTIMATES OF EXPENSES
FOR GOVERNMENT IN 1912

WASHINGTON, Dec. 6.—The estimate of the Secretary of the Treasury of the funds needed to conduct the government during the fiscal year ending June 30, 1912, was transmitted to congress today. The total is \$748,414,550, an increase of \$3,347,663. Furthermore, the estimates make no provision for the postal deficiency, which was estimated to be more than \$10,000,000 in 1911.

The following departmental estimates are made: Legislative, \$13,426,805; executive, \$988,720; state, \$4,875,576; treasury, \$141,595,996; territorial, \$202,150; independently of offices, \$2,638,895; district of Columbia, \$13,602,785; war, \$205,257,545; navy, \$128,942,058; interior, \$189,151,875; postoffice proper, \$1,697,590; agriculture, \$19,681,066; commerce and labor, \$16,276,970; justice, \$2,036,576.

CUMMINS PAVES WAY FOR
REVISION OF THE TARIFF

WASHINGTON, Dec. 6.—Senator Cummins of Iowa today sought to pave the way for tariff revision by schedules, by introducing two resolutions in the senate providing for the modification of the rules of the upper house. One is designed to prevent the reopening of the entire tariff question by declaring out of order all bills pertaining to the tariff, unless applying to a specific schedule. The other provided that any bill on which the finance committee fails to report within sixty days, is to be regarded as though reported from the committee.

FRUIT GROWERS IN
ANNUAL MEETING

Pres. Jeffrey Addresses Convention at Stockton in Behalf of Low Fruit Rates

STOCKTON, Dec. 6.—The thirty-eighth convention of the California Fruit Growers' Association opened here today. One hundred delegates are present from every section of the state. Mayor Reibenstein, Judge Chipman of Sacramento, and President Jeffrey delivered addresses. President Jeffrey paid particular attention to rates on fruit shipments between California and the East. He declared that California growers must fight to maintain the present rates. He advised them to urge Congress to advocate a rate for the protection of California shippers, and demand the particular attention of the Interstate Commerce Commission.

FRANKLIN K. LANE MAY
GO ON COMMERCE COURT

WASHINGTON, Dec. 6.—Information from an excellent source indicates that President Taft has determined upon two members of the new Court of Commerce.

They are Judge Charles A. Prouty of Vermont and Franklin K. Lane of California, both of whom are members of the Interstate Commerce Commission.

CITY TRUSTEES PROPOSE TO LAY MANY CROSS WALKS

MANY PAVEMENT PETITIONS GRANTED

Controversy Over Including Block on Spurgeon in Pavement Project is Heard

The city trustees hope to be able to put down a large number of cross-walks this winter. Trustee Thompson last night reported that he had been getting prices on the work, and found asphaltum costs 17 cents per square foot for a 5-inch thickness and 18 cents for 6-inch; concrete, 10 cents for 5-inch and 12 cents for 6-inch. The trustees in discussion favored the concrete. Harris said he favored building a lot of cross-walks all the funds would allow. The engineer was instructed to draw up specifications for concrete cross-walks.

On the request of the Pendleton Mill, its night-watchman, Fred Diers, was appointed a special policeman. Diers has frequently helped the city officers out in their work about the yards.

Women Who Wear Well.

It is astonishing how great a change a few years of married life often make in the appearance and disposition of many women. The freshness, the charm, the brilliancy which like the bloom from a peach which is rudely handled, the matron is only a dim shadow. A faint echo of the charming maiden. There are two reasons for this change. Ignorance and neglect. Few young women appreciate the shock to the system through the change which comes with marriage and motherhood. Many neglect to deal with the unpleasant pelvic drains and weaknesses which too often come with marriage and motherhood, not understanding that this secret drain is robbing the cheek of its freshness and the form of its fairness.

As surely as the general health suffers when there is derangement of the health of the delicate woman's organs, so surely when these organs are established in health the face and form at once witness to the fact in renewed comeliness. Nearly a million women have found health and happiness in the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. Ingredients on label—contains no alcohol or harmful habit-forming drugs. Made wholly of those native American medicinal roots most highly recommended by leading medical authorities of all the several schools of practice for the cure of woman's peculiar ailments.

For nursing mothers, or for those broken-down in health by too frequent bearing of children, also for the expectant mothers to prepare the system for the coming of baby and making its advent easy and almost painless, there is no medicine quite so good as "Favorite Prescription." It can do no harm in any condition of the system. It is a most potent invigorating tonic and strengthening nerve tonic adapted to woman's delicate system by a physician of large experience in the treatment of woman's peculiar ailments.

had. An agreement signed by Dr. Dryer, G. W. Wells, Mrs. I. A. Bennett and the Spurgeon Realty Co. was to the effect that the block between Fifth and Sixth would be paved within a year with asphalt if let out of the proposed petrolium work.

George Wells for G. W. Wells and R. L. Bisbee, for the Spurgeon Co., stated that they had already had a good deal of street work done on other streets this year, and wanted to wait. Chairman McFadden asked if the block would pave if the Fairchild people would wait a year for their pay. Wells replied it would not wait without interest. Heatman said the agreement as filed would preclude the block from signing a remonstrance to pavement. McFadden and Harris said they thought it unfair to leave the one block unpaved for a year. The resolution for petrolium pavement for the street from Fifth to Tenth was passed, with the comment to the objectors that it could be amended at the next reading before final passage. Bisbee said a proposal might be brought in by the block for asphalt pavement, to take the place of petrolium, and the trustees said the change would meet with approval.

Bid for Oiler

J. E. Ward was the only bidder for furnishing the city with an oil sprinkler. He bid \$500, to take the city's old sprinkler as pay in addition to the \$500. Ward said the sprinkler would save \$100 a car in the proper distribution of oil on roads. Ward had been unable to get the machine here for demonstration, but expects one soon. McFadden suggested that if it were satisfactory the bid should be accepted. Harris said he did not know that it is well to spend \$500 for the machine just now; he preferred seeing that amount in cross-walks. The bid was taken under advisement.

Petitions from the Board of Education asking for sidewalks on both sides of French street from Washington to Fifteenth, on the east side of Ross from Washington Seventeenth, and the south side of Seventeenth from Ross to Main, were granted, and the city attorney was instructed to begin proceedings. The trustees decided to lay sidewalks on both sides of Ross and Seventeenth.

Would Pave Street

John Beatty and J. N. Anderson of the school board asked that the city agree to pave Church street, the city to pay the school's portion. The chairman was authorized to sign the contract for the pavement.

A petition for paving Bush from Fifth to Washington with petrolium was granted, proceedings to be begun by the city attorney.

J. N. Anderson stated that there are many violators of the law against riding bicycles on sidewalks. He was recently run over.

Chairman McFadden said he had been informed that many of those arrested got off with prosecution. City attorney Heathman took the statement as a personal affront, and declared his office is always open for prosecutions with evidence. The trustees decided to change the law so that the minimum fine will be \$5.

Dr. Roberts was granted permission to build an automobile shed near the alley behind the Temple Theater.

Albert Graham petitioned for a permit to put in a lumber yard at the northeast corner of Spurgeon and Second streets, which is inside the fire limits. City Clerk Tedford said it would be a bad precedent, and he asked time to circulate a remonstrance, which time was given.

The petition of J. L. Hunton to remove pine trees on the north side of McFadden street east of McClay street, was referred to Trustee Harris.

The petition of E. D. Waffle and others to pave with petrolium West Fifth from Broadway to Garnsey was granted, proceedings to be begun by the city attorney.

On first reading an ordinance prohibiting the purchase from minors under 16 years of age second hand goods without written permission of a parent or guardian was passed.

The board adjourned to Dec. 19.

YOUR STOMACH TROUBLE GOES

No Indigestion, Gas, Heartburn or Dyspepsia Five Minutes Later

—There would not be a case of indigestion here if readers who are subject to stomach trouble knew the tremendous anti-ferment and digestive virtue contained in Diapiesin. This harmless preparation will digest a heavy meal without the slightest fuss or discomfort, and relieve the sour, acid stomach in five minutes, besides overcoming all foul, nauseous odors from the breath.

Ask your pharmacist to show you the formula, plainly printed on each 50-cent case of Diapiesin, then you will readily understand why this promptly cures indigestion and removes such symptoms as heartburn, a feeling like a lump of lead in the stomach, belching of gas and eructations of undigested food, water brash, nausea, headache, biliousness and many other bad symptoms; and besides, you will not need laxatives to keep your stomach, liver and intestines clean and fresh.

If your stomach is sour and full of gas, or your food doesn't digest, and your meals don't seem to fit, why not get a 50-cent case from your druggist and make life worth living? Absolute relief from stomach misery and perfect digestion of anything you eat is sure to follow five minutes after, and besides, one case is sufficient to cure a whole family of such trouble.

Surely, a harmless, inexpensive preparation like Diapiesin, which will always, either at daytime or during night, relieve your stomach misery and digest your meals, is about as handy and valuable a thing as you could have in the house.

Lot Owners

Many persons who own a lot are still paying house rent to some other lot owner. Why do this when you can build a comfortable home on your own lot? Even though you did not wish to live in the house, it would greatly improve your lot, and also give you a monthly income. The rent which you now pay, or the amount of rent you would receive each month for the house, would, in a few years, pay back the money you borrowed to build. Now the Orange County Mutual Building Loan Association of Santa Ana will cheerfully loan you the money to build. Our easy monthly terms of \$1.25 on each \$100.00 that you borrow, which also includes interest, will surely interest you. If you will telephone Red 3286, or drop me a card, I will be pleased to call.

AMUSEMENTS

Blanche Walsh in "The Other Woman," is to be the next attraction at the Grand, coming Friday night.

BLANCHE WALSH

As Eleanor Gates, an artist, she has one of the strongest roles of her wonderful career, and her past record is said to be further enhanced by her success of this season.

Pepito Arriola

His master, Nikisch, says of him: "Little Pepito is a very gifted child. His musical talent is a wonder to me. I don't know which is

the more to be admired--his marvelous memory, his charming musical manner of playing, or his wonderful talent. We will hear great things of Pepito."

This wonderful boy will appear at Spurgeon's Hall Wednesday, Dec. 7.

Effie Knows

The vaudeville bill presented by Effie & Co. at the Bell Theatre last evening was one of the largest and best shows ever seen in Santa Ana.

Effie was truly mystifying and showed by her wonderful feats of mind reading a brain development seldom seen. Effie has scored a series of triumphs from Canada to the present city. She fully lives up to her manager's advertising catch word, "Ask Effie; she knows." Effie certainly knows. Her act also has a good vein of comedy and many a hearty laugh was heard during its progress. She transmitted many names of prominent people by their simply asking her their name.

Arthur Lloyd, brother of the famous English actress, Alice Lloyd, was well received.

The Colonial trio, a musical act out of the ordinary, took the audience back to olden days. A real German furnished some good clean comedy. The Hindu Levitation furnished a treat for the lovers of the weird.

An announcement was made to the effect that on Friday a special matinee for ladies only would be given, and on Friday also at 2:30 Effie is to make a blindfold drive in an auto and find some article to be hidden by a committee of business men.

LOVELY COMPLEXION

A Clear Skin and Bright Eyes
Are Easy to Get

—All the beauty creams in creation won't improve your complexion if your stomach is out of order. Belching of gas and heartburn means bad food in the stomach. Bad food means bad blood and bad blood means a bad complexion.

Try MI-O-NA stomach tablets for stomach misery, biliousness, dizziness and indigestion. They relieve in a few minutes; they make rich, red blood. They are guaranteed by Rowley Drug Co. to cure or money back.

Read what a Kansas woman says: "I had been doctoring a year for stomach trouble and found nothing that did as much good as MI-O-NA. I only have the second box and they have relieved all pain in my stomach. For stomach trouble or indigestion MI-O-NA can't be beaten. MI-O-NA has done a world of good for me when doctors failed."—Mrs. Cordelia B. Mann, 207 East 11th St., Junction City, Kans.

CITY TRUSTEES PROPOSE TO LAY MANY CROSS WALKS

MANY PAVEMENT PETITIONS GRANTED

Controversy Over Including Block on Spurgeon in Pavement Project is Heard

The city trustees hope to be able to put down a large number of cross-walks this winter. Trustee Thompson last night reported that he had been getting prices on the work, and found asphaltum costs 17 cents per square foot for a 5-inch thickness and 18 cents for 6-inch; concrete, 10 cents for 5-inch and 12 cents for 6-inch. The trustees in discussion favored the concrete. Harris said he favored building a lot of cross-walks, all the funds would allow. The engineer was instructed to draw up specifications for concrete cross-walks.

On the request of the Pendleton Mill, its night-watchman, Fred Diers, was appointed a special policeman. Diers has frequently helped the city officers out in their work about the yards.

Want Year's Wait

The first reading of a resolution calling for paving with petrolethic of Spurgeon from Fifth to Tenth was

Women Who Wear Well.

It is astonishing how great a change a few years of married life often make in the appearance and disposition of many women. The freshness, the charm, the brilliancy vanish like the bloom from a peach which is rudely handled. The matrons are only a dim shadow, a faint echo of the charming maiden. There are two reasons for this change, ignorance and neglect. Few young women appreciate the shock to the system through the change which comes with marriage and motherhood. Many neglect to deal with the unpleasant pelvic drains and weaknesses which too often come with marriage and motherhood, not understanding that this secret drain is robbing the cheek of its freshness and the form of its fairness.

As surely as the general health suffers when there is derangement of the health of the delicate womanly organs, so surely these organs are established in health by the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. Ingredients on label—contains no alcohol or harmful habit-forming drugs. Made wholly of those native American medicinal roots most highly recommended by leading medical authorities of all the several schools of practice for the cure of woman's peculiar ailments. For nursing mothers, or for those broken-down in health by too frequent bearing of children, also for the expectant mothers to prepare the system for the coming of baby and making its advent easy and almost painless, there is no medicine quite so good as "Favorite Prescription." It can do no harm in any condition of the system. It is a most potent invigorating tonic and strengthening nerve tonic adapted to woman's delicate system by a physician of large experience in the treatment of woman's peculiar ailments.

Consultation by letter free of charge. Address: Dr. Pierce's Invalids' Hotel and Surgical Institute, No. 663 Main Street, Buffalo, N. Y.

had. An agreement signed by Dr. Dryer, G. W. Wells, Mrs. I. A. Bennett and the Spurgeon Realty Co. was to the effect that the block between Fifth and Sixth would be paved within a year with asphalt if let out of the proposed petrolethic work. George Wells for G. W. Wells and R. L. Bisbee, for the Spurgeon Co., stated that they had already had a good deal of street work done on other streets this year, and wanted to wait. Chairman McFadden asked if the block would pave if the Fairchild people would wait a year for their pay. Wells replied it would not wait without interest. Chairman said the agreement as filed would preclude the block from signing a remonstrance to pavement. McFadden and Harris said they thought it unfair to leave the one block unpaved for a year. The resolution for petrolethic pavement for the street from Fifth to Tenth was passed, with the comment to the objectors that it could be amended at the next reading before final passage. Bisbee said a proposal might be brought in by the block for asphalt pavement, to take the place of petrolethic, and the trustees said the change would meet with approval.

Bid for Oil

J. E. Ward was the only bidder for furnishing the city with an oil sprinkler. He bid \$500, to take the city's old sprinkler as pay in addition to the \$500. Ward said the sprinkler would save \$100 a year in the proper distribution of oil on roads. Ward had been unable to get the machine here for demonstration, but expects one soon. McFadden suggested that if it were satisfactory the bid should be accepted. Harris said he did not know that it is well to spend \$500 for the machine just now; he preferred seeing that amount in cross-walks. The bid was taken under advisement.

Petitions from the Board of Education asking for sidewalks on both sides of French street from Washington to Fifteenth, on the east side of Ross from Washington Seventeenth, and the south side of Seventeenth from Ross to Main, were granted, and the city attorney was instructed to begin proceedings. The trustees decided to lay sidewalks on both sides of Ross and Seventeenth.

Would Pave Street

John Beatty and J. N. Anderson of the school board asked that the city agree to pave Church street, the city to pay the school's portion. The chairman was authorized to sign the contract for the pavement.

A petition for paving Bush from Fifth to Washington with petrolethic was granted, proceedings to be begun by the city attorney.

J. N. Anderson stated that there are many violators of the law against riding bicycles on sidewalks. He was recently run over.

Chairman McFadden said he had been informed that many of those arrested got off with prosecution. City attorney Heathman took the statement as a personal affront, and declared his office is always open for prosecutions with evidence. The trustees decided to change the law so that the minimum fine will be \$5.

Dr. Roberts was granted permission to build an automobile shed near the alley behind the Temple Theater.

Albert Graham petitioned for a permit to put in a lumber yard at the northeast corner of Spurgeon and Second streets, which is inside the fire limits. City Clerk Tedford said it would be a bad precedent, and he asked time to circulate a remonstrance, which time was given.

The petition of R. T. Harris and others to pave with petrolethic, Sixth and Fruit streets from French to Mortimer was granted, the city to pay for the portion adjoining its park triangle.

The petition of J. L. Hutton to remove pine trees on the north side of McFadden street east of McClay street, was referred to Trustee Harris.

The petition of E. D. Waffle and others to pave with petrolethic West Fifth from Broadway to Garnsey was granted, proceedings to be begun by the city attorney.

On first reading an ordinance prohibiting the purchase from minors under 16 years of age second hand goods without written permission of a parent or guardian was passed.

The board adjourned to Dec. 19.

Ask your pharmacist to show you the formula, plainly printed on each 50-cent case of Pape's Diapepsin, then you will readily understand why this promptly cures indigestion and removes such symptoms as heartburn, a feeling like a lump of lead in the stomach, belching of gas and eructations of undigested food, water brash, nausea, headache, biliousness, and many other bad symptoms; and besides, you will not need laxatives to keep your stomach, liver and intestines clean and fresh.

If your stomach is sour and full of gas, or your food doesn't digest, and your meals don't seem to fit, why not get a 50-cent case from your druggist and make life worth living? Absolute relief from stomach misery and perfect digestion of anything you eat is sure to follow five minutes after, and besides, one case is sufficient to cure a whole family of such trouble.

Surely, a harmless, inexpensive preparation like Diapepsin, which will always, either at daytime or during night, relieve your stomach misery and digest your meals, is about as handy and valuable a thing as you could have in the house.

Lot Owners

Many persons who own a lot are still paying house rent to some other lot owner. Why do this when you can build a comfortable home on your own lot? Even though you did not wish to live in the house, it would greatly improve your lot, and also give you a monthly income. The rent which you now pay, or the amount of rent you would receive each month for the house, would, in a few years, pay back the money you borrowed to build. Now the Orange County Mutual Building Loan Association of Santa Ana will cheerfully loan you the money to build. Our easy monthly terms of \$1.25 on each \$100.00 that you borrow, which also includes interest, will surely interest you. If you will telephone Red 3286, or drop me a card, I will be pleased to call.

As Eleanor Gates, an artist, she has one of the strongest roles of her wonderful career, and her past record is said to be further enhanced by her success of this season.

Pepito Arriola

His master, Nikisch, says of him: "Little Pepito is a very gifted child. His musical talent is a wonder to me. I don't know which is

the more to be admired--his marvelous memory, his charming musical manner of playing, or his wonderful talent. We will hear great things of Pepito."

This wonderful boy will appear at Spurgeon's Hall Wednesday, Dec. 7.

Effie Knows

The vaudeville bill presented by Effie & Co. at the Bell Theatre last evening was one of the largest and best shows ever seen in Santa Ana.

Effie was truly mystifying and showed by her wonderful feats of mind reading a brain development seldom seen. Effie has scored a series of triumphs from Canada to the present city. She fully lives up to her manager's advertising catch word, "Ask Effie; she knows." Effie certainly knows. Her act also has a good vein of comedy and many a hearty laugh was heard during its progress. She transmitted many names of prominent people by their simply asking her their name.

Arthur Lloyd, brother of the famous English actress, Alice Lloyd, was well received.

The Colonial trio, a musical act out of the ordinary, took the audience back to olden days. A real German furnished some good clean comedy. The Hindu Levitation furnished a treat for the lovers of the weird.

An announcement was made to the effect that on Friday a special matinee for ladies only would be given, and on Friday also at 2:30 Effie is to make a blindfold drive in an auto and find some article to be hidden by a committee of business men.

What Could Be Better Than a Fur?

One of the finest and handsomest presents you could make a woman or a young lady is a warm, cosy, stylish, serviceable fur. This is something practical, yet not at all like giving her a sack of flour.

Handsome new muff sets, in black fur and fine brown Marmot and Fox, come at \$16.00 to \$30.00.

New cape effects are also being shown in any quality of fur that you may desire. These are some of the handsomest furs we carry. They are not full cape, but flat, satin lined furs extending out over the shoulders and finished in front with stole. We can show you a pretty Marmot at \$6.00 and then all the way up to a real American Mink at \$50.00.

Handsome flat furs come in short and long stoles, satin lined to match. Prices \$3.00 up to \$18.00.

PRESIDENT TAFT GIVES MESSAGE TO CONGRESS

(Continued from Page Six)

munication with the countries of Latin America.

Unless prompt action be taken the completion of the Panama Canal will find this the only great commercial nation unable to enable in maritime business of this great contribution to the means of the world's commercial intercourse.

Quite aside from the commercial aspect, unless we create a merchant marine, where can we find the seafaring population necessary as a natural naval reserve and where could we find in case of war the transports and subsidiary vessels without which a naval fleet is arms without a body.

Civil Service

I strongly commend to the favorable action of the congress the enactment of a law applying civil service to the diplomatic and consular service.

Estimates of Expenses

The final estimates of the year ending June 30, 1912, as they have been sent to the treasurer on November 29 of this year for the ordinary expenses of the government, including those for public buildings, rivers and harbors and the navy building program amount to \$630,494,013.12. This is \$52,964,887.36 less than the appropriation for the fiscal year ending June 30, 1911. It is \$16,883,153.44 less than the total estimates including supplemental estimates submitted to congress by the treasury for the year 1911 and is \$5,574,659.19 less than the original estimates submitted by the treasury for 1911. These figures do not include the appropriations for the Panama canal, the policy in respect to which ought to be, and is, to spend as much each year as can be economically and effectively expended in order to complete the canal as promptly as possible. It will be noted that the estimates for the Panama canal for the ensuing year are more than \$56,000,000, an increase of twenty millions over the amount appropriated for this year, a difference due to the fact that estimates for 1912 include something over \$19,000,000 for the fortification of the canal. Against the estimated expenditures of \$630,494,013.12 the treasury has estimated receipts for next year \$680,000,000, making a probable surplus of ordinary receipts over ordinary expenditures of about \$50,000,000, or taking into account the estimates for the Panama canal, which are \$56,920,847.89, it will mean a deficit for the next year of about \$7,000,000,000. If congress shall conclude to fortify the canal. The cost of fortification of the canal is about \$19,000,000.

Of the tariff the president said: The existing tariff bill, which became a law August 6, 1909, as an income producing measure has never been exceeded by any customs bill in the history of the country. The corporation excise tax, proportioned income, has worked well. The tax has been easily collected. Its prompt payment indicates that the incidence of the tax has not been heavy. It of-

fers, moreover an opportunity for knowledge by the government of the general condition and business of all corporations and that means by far the most important part of the business of the country. The schedules of the rates of duty in the Payne tariff act have been subjected to a great deal of criticism, some of it just, more of it unfounded, and to much misrepresentation. The act was adopted in pursuance of a declaration by the party which is responsible for it that a customs bill should be a tariff for the protection of home industries, the measure of the protection to be the difference between the cost of production of the imported article abroad and the cost of producing it at home, together with such addition to that difference as might give a reasonable profit to the home producer.

Tariff Board

The time in which the tariff was prepared undoubtedly was so short as to make it impossible for the congress and its experts to acquire the information necessary strictly to conform to the declared measure. In order to avoid criticism of this kind in the future, and for the purpose of more nearly conforming to the promise, congress at its last session made provision, at my request, for the continuance of a board created under the authority of the maximum and minimum clause of the tariff bill, and authorized this board to expend the money appropriated under my direction for the ascertainment of the cost of production at home and abroad of the various articles included in the schedules of the tariff.

The tariff board thus appointed and authorized has been diligent in preparing itself for the necessary investigations. The hope of those who have advocated the use of this board for tariff purposes is that the question of the rate advance imposed shall become more of a business question and less of a political question to be ascertained by experts of long training and accurate knowledge. The halt in business due to the announcement that a new tariff bill is to be prepared and put in operation will be avoided.

Banking and Currency Reform

The method of impartial, scientific study by experts as a preliminary to legislation, which I hope to see ultimately adopted as our fixed national policy with respect to the tariff, rivers and harbors, waterways and public buildings, is also being pursued by the non-partisan monetary commission of congress.

War Department

The army now numbers about 80,000, of which about 18,000 are engaged in the coast artillery. Of further plans for the army the President recommends the passage of the volunteer bill, and the establishment of a commission for the reorganization of the general army. He approves appropriations for fortification at Corridor Island, in the Philippines, and Pearl Harbor in Hawaii.

Of the Panama Canal the President said: "At the instance of Col. Goethals, the army engineer, officer in charge of the work on the Panama canal, I have just made a visit to the isthmus to inspect the work done and to consult with him on the question of certain problems which are likely to arise in the near future. The progress of the work is most satisfactory. If no unexpected obstacle presents itself the canal will be completed well within the time fixed by congress, to-wit: January 1, 1915, and within the estimated cost of \$375,000,000.

"Among questions arising for present solution is the decision whether the canal shall be fortified. I have already stated to the congress that I strongly favor fortification and now reiterate this opinion and ask your consideration of the success in the light of the report already before you, made by a competent board.

"If in your discretion we believe modern fortifications to be necessary for the protection of the canal, then it is our duty to construct them. We have built the canal. It is our property. It is also well known that one of the chief objects in the construction of the canal has been to increase the military effectiveness of our navy. Failure to fortify the canal would leave us in the possession of rights we would be powerless to enforce.

"In determining what the tolls should be, we certainly ought not to insist that, for a good many years to come, they should amount to enough to pay the interest on the investment of \$400,000,000, which the United States has made in the construction of the canal. The benefit to be derived by the United States from this expenditure is not to be measured solely by a return upon the investment.

"In addition to the benefit to our naval strength, the canal greatly increases the trade facilities of the United States. It will undoubtedly cheapen the rates of transportation on all freight between the eastern and western seaboard and it will greatly increase that trade by reason of the reduction in its costs.

"In all these cases the question whether the Panama canal is to be used and its tonnage increased will be determined mainly by the charge for its use. My own impression is that the tolls ought not to exceed \$1 per net ton. On the whole, I should recommend that within certain limits, the president be authorized to fix the tolls of the canal and to adjust them to what he believes to be a commercial necessity."

The President recommends that, owing to the importance of the canal to the United States navy the government should take over the furnishing not only to the navy but to the public, of dry docks and repair shop facilities and the sale of coal, oil and other ships supplies. He adds: "I cannot close this reference to the canal without suggesting as a wise amendment to the Interstate Commerce law a provision prohibiting Interstate Commerce railroad from owning or controlling ships engaged in the trade through the Panama canal. I believe such a provision may be needed to save the people of the United States the benefits of

the competition in trade between the eastern and western seaboard."

Department of Justice

The President renews his recommendation of a general law for the incorporation of industrial and other companies involved in interstate commerce. The simplifying of judicial procedure and expediting final judgment, as well as a law regulating the issuing of injunctions, are all recommended.

Postoffice Department

After referring to the opening of the postal banks to take place in January and the including of assistant postmasters in the classified service, the President declares that the government is rendering the magazines a postal service costing millions in excess of compensation received, owing to the too low rates charged for carrying magazines. He recommends the addition of a parcels post to all rural delivery routes with 11 pounds as the limit of carriage for each post.

Naval Department

Saying that the navy estimates are \$5,000,000 less than last year, the President hopes the program of building two battleships a year will be adopted, also that a naval station to serve as an emergency naval base, be made at Guantanamo. The recognition of Peary's polar discovery is urged.

Conservation

The President recommends the repeal of the limitation forbidding the reserving of more forest lands in Oregon, Washington, Idaho, Montana, Colorado and Wyoming.

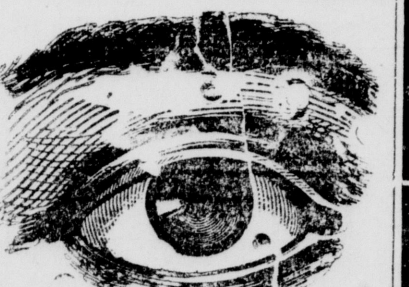

That coal deposits be leased under competitive bids for terms not exceeding fifty years, conditioned to prevent monopoly. In regard to water power sites the President says: "That water power sites be directly leased by the Federal government after advertisement and bidding, for not exceeding fifty years upon a proper rental and with a condition fixing rates charged to the public for units of electric power, with suitable provisions against assignment to prevent monopolies."

He opposes self government for Alaska because the people are too few and too migratory. He believes a leasing law and the appointment of a governing commission will aid Alaska.

Railroads and Anti-Trust Laws
The President urges the passage of a law by which "one who in good faith advances money or credit on a bill of lading issued by a common carrier on an interstate or foreign shipment, can hold the carrier liable for the value of the goods described in the bill at the valuation specified in the bill."

"I further recommend that a punishment of fine and imprisonment be imposed upon railroad agents and shippers for fraud in misrepresentation in connection with the issue of bills of lading issued upon interstate and foreign shipments."

HOW TO STOP DRINKING

It was formerly customary for habitual drinker to take the pledge regularly, sometimes once a year, and sometimes in every fit of remorse that followed his debauches, and then—break it.

But now it is gradually dawning on the world that pledges do not stop drunkenness. The nervous system of the habitual drinker is diseased and he must have treatment that will cure this condition. Evangelistic Meetings

The evangelistic meetings that are now being held at the M. E. Church, South, are most helpful and full of interest. They are conducted by the Fishermen's Club of Los Angeles and are entirely in charge of the young people.

Alden Pratt spoke last evening and gave a very helpful talk. Addresses will be made each evening by some of the evangelists from the Fishermen's Club. All young people should make it a point to attend as many meetings as possible.

**BABIZE STUDIO OF
MUSIC AND ART**

—What shall I get for a Christmas present that will not only be a pleasure to the recipient, but of lasting benefit as well? Among the many things shown in the shop windows of Santa Ana none could be better or more appropriate than a Violin, Mandolin or Guitar. We have them and good ones, too. Let us show you our beautiful toned string instruments. Possibly a term of lessons, a nice music roll or a fine collection of music for your favorite instrument would be just what you want. Come early and get your pick of the lot. Don't forget we carry as fine a line of music as you will find anywhere outside of Los Angeles. Let us supply your musical wants.

The Studio of Music and Art, 415 North Main street.

Society**Heart of Genoa**

The second Travelers' section held an exceptionally interesting meeting Monday afternoon at the home of Mrs. J. W. Blee on Pine street.

Introductory to the regular program, Mrs. French gave a description of Genoa and the beautiful scenery, Santo Campo, which is noted for its remarkable statuary.

The study of the Rhine was then taken up by continuing the reading from Stoddard's lectures. Owing to the busy season the next meeting was postponed until the third Monday in January.

Household Economics Club No. 2

The second section of the Household Economics of the Ebbl Club will meet Wednesday, Dec. 7, at the home of Mrs. W. L. Grubb, North Main street, at 2:30 p.m.

Maccabees Elect Officers

Last night the following were elected to serve the Knights of the Maccabees, Tent No. 8, for the coming official year:

W. M. Clayton, Com.; R. R. Dickinson, Lieut. Com.; Theo. Winbigler,

R. K.; F. B. Taylor, F. K.; P. B. Lee, chaplain; A. E. Hawley, M. at A.; Fred Opp, Sergt.; E. C. Hubbard, first M. of G.; N. L. Galbraith, second M. of G.; Pat Owens, sentinel; J. W. Mitchell, picket; H. H. Hossler, trustee.

An oyster supper jollied up the members after the arduous duties of election.

Matinee Party

Saturday was little Josephine Scott's eighth birthday and she entertained seven of her little playmates with a matinee party at the Temple Theater and lunch at the "Dragon." Her guests were: Edna Marple, Dorothy Duggan, Reeta Reed, Elizabeth Bruner, Julia Bruner, Buddy Holbrook and Greeba Scott.

Hermosa Chapter Installation

Presiding with grace and dignity, Mrs. W. L. Tubbs last night installed the officers-elect of Hermosa Chapter, O.E.S., of which she is the retiring worthy matron. Following the installation, Mrs. Tubbs was overwhelmed with congratulations for the really beautiful manner in which she had conducted the installation ceremonies. She was ably seconded by Mrs. R. E. Dickinson, who, acting as marshal, discharged the functions of the office with rare precision and an unaffected bearing. The following officers were installed:

Worthy matron, Mrs. Martha Reinhaus; worthy patron, Frank True; associate matron, Mrs. Mary L. Balderston; secretary, Mrs. Mary Rowell; conductress, Mrs. Jean H. Grubb; associate conductress, Mrs. Cora Cavins; marshal, Miss Lida Crookshank; organist, Mrs. Eva Steadman; Ada, Miss Teresa Reinhaus; Ruth, Miss Celia Cotter; Esther, Mrs. Dora M. Pease; Martha, Mrs. P. L. Tople; Electa, Mrs. Pauline Hall.

Occupying the platform with Mrs. Tubbs were Past Matrons Mrs. Maude Bowes, Mrs. Frank True, Miss Mary Cotter. On the escort of the new worthy matron, Mrs. Reinhaus, to her station, she was presented with a bouquet of lovely carnations and maiden hair ferns.

Mrs. Tubbs, retiring from office, was presented by her staff of officers with a beautiful silver and crystal cheese plate with cheese knife engraved with her initials and "Hermosa," the title of the chapter over

which she has presided so capably during the past year.

Brief speeches were made by Mesdames Tubbs and Reinhaus, Messrs. Arthur Pease, retiring patron, and Frank True, the incoming patron.

Mrs. Winbigler sang very pleasingly "For All Eternity," and "The Garden of Roses," and Mrs. A. J. Padgham, in her usual brilliant way, played "Murmuring Breezes," and an encore number.

A memorial service for the late Walter M. Scott was held, with O. M. Robbins, Dr. C. D. Ball and Judge Z. B. West making the memorial addresses.

The installation was preceded by a substantial 7 o'clock dinner, the decorations of table and banquet hall being in Christmas green and red.

Entertained Friends

A party held at the residence of Mr. and Mrs. H. J. Hawkins at 904 East Second street, resulted in a very pleasant time. Music, both vocal and instrumental, and light refreshments passed the hours most agreeably.

Those enjoying the evening were Mrs. Wm. McGreavy, Mrs. C. C. Hawkins, Mrs. Moore, Mrs. Lucy Padgham, Mrs. Bana Sharp; Miss Ruth Hawkins, Miss Gladys Hawkins; Messrs. R. L. Smith, C. C. Hawkins, Frank Gootley, Mouie Stevens, Wm. Lason, Louis Petersen, Martin Hendrickson, Elmer Hawkins.

The Musical Prodigy

Of the boy musician, Pepito Arriola, whose magnificent piano playing and unaffected boyish manner won the hearts of all who heard and saw him on his previous appearance here and who is to be here again on next Wednesday night, December 7, at Spurgeon's Hall, the St. Petersburg Herald says:

"Pepito Arriola, as soloist with the Symphony Orchestra, had a sensational success. One is surprised at his wonderful rhythm and technical ability, his healthy musical feeling and the confidence expressed and the freedom of his interpretation."

Important Canton Meeting

Last night was not only a regular meeting night for the members of Santa Ana Canton No. 18, but it was also set aside for election of officers and the inspection of the Canton by Col. W. H. Woodbridge of Canton Los Angeles, colonel of the Third Regiment of the Patriarchs Militant.

Election of officers for the ensuing term resulted as follows: Captain, Chas. P. Mattern; Lieutenant, W. W. Chandler; ensign, L. L. Vestal; clerk, W. J. Morrison; accountant, W. B. Tedford.

The Canton also named Colonel Woodbridge as its choice for colonel, and John P. Becker of San Diego Canton No. 22, for lieutenant colonel of the Third Regiment. It is probable they will be elected.

Col. Woodbridge then gave instructions to proceed with inspection. The Chevalliers fell in, were lined up and the inspecting officer, with his staff from Los Angeles, and officers of the local Canton, went through a thorough inspection, after which the Patriarch Militant degree was conferred on Patriarch Geo. B. Prather of Tustin, the ceremony being given in a creditable manner.

As it was nearing 11 o'clock, the Canton closed and everybody went to the banquet room, where the wives of the Chevalliers had prepared a banquet consisting of tangle pie, Parker House rolls, olives and pickles, celery, coffee, etc. The decorations of table and room were of white and yellow chrysanthemums.

During the time the ladies had been waiting for the adjournment of the Canton, they attended the last show at the Temple Theater in a body, the guests of Retiring Captain Squires and the Canton.

Mrs. Bristol's Luncheon

Mrs. Henry R. Bristol yesterday entertained the first section of the Ebbl Travellers with a delightful luncheon party at her home on Spurgeon street. The profusion of gay, scarlet holly berries in which the dining room was decorated, was pleasantly suggestive of the approaching Christmastide.

This is the last time the Travellers will meet until after New Years.

Pupils Musicales

Last Saturday a number of Mrs. A. J. Padgham's pupils gave a musicale that proved highly interesting and enjoyable. Those participating were Misses Zena Leck, Margaret Tingley, Mildred Marchant, Esther Holbrook, Orpha Holbrook, Gertrude Utt, Ruth Andrews, Dorothy Thacker, Grace Smiley, Elsie Wingood, Roberta Dawes, Rosamond Miriam; Wheaton Kraft.

Miss Virginia Johnson played Chopin's "Ballade" with excellent touch and expression. The subject of Mrs. Padgham's talk to the class was "How the system of writing notes was invented." The class meets the first Saturday in every month.

SEBASTIAN'S 306 E. 5th

North Pole, Nov. 23, 1910.
To Sebastian's Store, 306 East Fourth St., Santa Ana, Cal.

Dear Mr. Sebastian:—I am now ready to start on my holiday trip and will reach your store Saturday morning, Dec. 10th, with a fine lot of Christmas things for the people of your county. I never had a finer collection of toys for the boys and girls. You will be glad to see the splendid Dolls, Wagons, Mechanical Toys, Building Blocks, Games, etc., and many other things, which I have not time to write about now. I am not forgetting the older folks either. My work shops have turned out some beautiful gifts in the way of fancy Dishes, Vases, Post Card Albums, Leather Hand Bags, etc.

By the way, I expect to bring a big load of that famous Red Band Candy which you can sell at 20c per pound. You will be surprised to learn I am coming in on the Southern Pacific. Train will arrive Saturday morning, Dec. 10th, at 10:15 a. m. I am bound to be up-to-date. Be sure and invite everybody to Sebastian's next Saturday to see what I have brought.

"SANTA CLAUS."

The above letter was received at Sebastian's store DEC. 6th. Inasmuch as Santa Claus has chosen our store as his headquarters, we want to give him a rousing reception on his arrival in Santa Ana. Every child in Orange county is invited to meet him at the S. P. depot Saturday, Dec. 10th, 10:15 a. m. train and join the grand Santa Claus Parade which will leave the depot as soon as the train arrives. Santa Claus will lead the procession in an automobile and we will have plenty of conveyances for the children, who wish to participate in the parade. Each child will be presented with a horn (and we want them to blow it). When the parade is over Santa Claus will hold a reception at his headquarters, Sebastian's Store. To each child registering his or her name and address will be given a nice souvenir.

PRESIDENT TAFT GIVES MESSAGE TO CONGRESS

Dwells But Briefly on Tariff--Strongly Argues Fortification of Panama Canal--Urges Conservation Plans

WASHINGTON, Dec. 6.—The following are the essential portions of the annual message of President William H. Taft, read before the second session of the sixty-first congress today:

To the Senate and House of Representatives:
During the past year the foreign relations of the United States have continued on a basis of friendship and good understanding.

Arbitration
The year has been notable as witnessing the pacific settlement of important international controversies

before the permanent court of The Hague.

Arbitration of the fisheries dispute between the United States and Great Britain, which has been the source of nearly continuous diplomatic correspondence since the fisheries convention of 1818 has given an award which is satisfactory to both parties. This arbitration is particularly noteworthy because it is the first arbitration held under the general arbitration of April 4, 1908, between the United States and Great Britain and disposes of a controversy, the settlement of which has resisted every other resource of diplomacy and which for ninety years has been the cause of friction between two countries whose commercial interest lies in maintaining the most friendly and cordial relations with each other.

Appreciating the enlightened tendencies of modern times, the congress at this last session passed a law providing for the appointment of a commission of five members to be appointed by the president of the United States to consider the expediency of utilizing existing international agencies for the purpose of limiting the armaments of the nations of the world by international agreement and of constituting the combined navies of the world in a combined international force for the preservation of universal peace.

I have not as yet made appointments to this commission because I have invited and am waiting the expressions of foreign governments as to their willingness to co-operate with us in the appointment of similar commissions or representatives who would meet with our commissioners and by joint action seek to make their work effective.

Several important treaties have been negotiated with Great Britain in the past twelve months. A diplomatic agreement has been reached regarding the arbitration of pecuniary claims which each government has against the other.

The Near East

Turkey: To return to the visit of the special embassy sent to announce the accession of his majesty Mahomet V, Emperor of the Ottomans, I sent to Constantinople a special ambassador who was charged with the duty of expressing to the Ottoman government the value attached by the government of the United States to increased and more important relations between the countries and the desire of the United States to contribute to

the large economic and commercial development due to the new regime in Turkey.

The Far East

The center of interest in Far Eastern affairs during the past year have again been China.

It is gratifying to note that the negotiations for a loan to the Chinese government for the construction of the trunk railway lines from Hankow southward to Canton and westward through the Yangtze valley, known as the Hukuang Loan, were concluded by representatives of the various financial groups in May last, and the results approved by their respective governments. The agreement, already initiated by the Chinese government is now waiting formal ratification. The basis of the settlement of the terms of this loan was one of exact equality between America, Great Britain, France and Germany in respect to financing the loan and supplying materials for the proposed railways and their future branches.

The president referred to the negotiations progressing between China and American bankers for a loan of \$50,000,000 to be used in China's currency reform. He also alluded to the favorable assurances received by the United States in the Russo-Japanese agreement as to Manchuria signed July 4, 1910; and in the treaty annexing Korea to Japan, promulgated Aug. 29, 1910, in which the rights of American citizens in Korea are protected; also he alluded to the satisfactory condition of trade relations with foreign countries and the recent favorable conference with Canada on tariff rates.

Merchant Marine

On merchant marine President Taft said:

Another instrumentality indispensable to the unhampered and natural development of American commerce is merchant marine. All maritime and commercial nations recognize the importance of this factor. The greatest commercial nations, our competitors, jealously foster their merchant marine. Perhaps nowhere is the need for rapid and direct mail, passenger and freight communication quite so urgent as between the United States and Latin America. We can secure in no other quarter of the world such immediate benefits in friendship and commerce as would flow from the establishment of direct lines of com-

LOS ANGELES PRODUCE MARKET

Yesterday morning found business better than on any day since Thanksgiving. The first signs of Christmas buying were apparent by the orders for holiday goods from Arizona, Nevada and Texas. These orders were for apples, pears, cranberries and kindred fruits that will hold awhile. Receipts of products were not very large. The first car of Italian chestnuts were numbered among arrivals. They were distributed among several of the larger dealers who offered them for sale from 10 to 12 cents a pound in large quantities. The California chestnuts were pretty well cleaned up. A few pinenuts are arriving right along and are finding ready market. Walnuts and almonds are the best sellers of the entire nut list.

The price of eggs advanced again yesterday morning. On candled stock dealers are asking 47 cents, while

Why You Should Give Furniture

Year after year the tendency in holiday giving has been growing toward gifts that are more practical and useful.

In making a gift of a piece of furniture one cannot make a mistake. In choosing a gift for some member of one's immediate family it is quite easy to select some article that will be a delight not only to the recipient, but that every member of the home circle will enjoy for years to come. In giving to a friend it is quite easy to select an article of furniture that is sure to give great pleasure even though it may be quite inexpensive.

FURNITURE

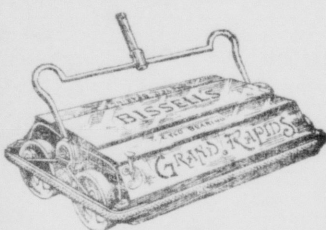

THE MOST PRACTICAL CHRISTMAS GIFT

Furniture is an ideal gift that permanently pleases—something suitable for every-one. Buying of holiday furniture has already begun and within a very short time will be at its height. Now is the time to make your selection, and the logical place to go is to the Horton-Spurgeon Furniture Co. Where a magnificent gathering of appropriate articles awaits your inspection.

Why You Should Buy Of Us

This year we have outdone all previous years in the selection of attractive high quality furniture for our holiday trade. Without fear of contradiction, we claim to have the largest and most complete stock in the county. Not only is our stock the largest but it has been selected with the greatest care with regard to quality, style and reasonable prices. Any article purchased of us is strictly guaranteed. We want your trade not only this year but for years to come and if we can't give you better value than you would get elsewhere, we cannot hope to retain it.

Bissell Carpet Sweeper

We consider this the best carpet sweeper made. We carry them in several styles and finishes. They range in price up to \$4.00.

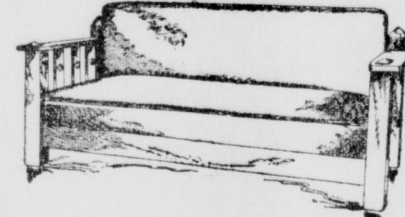

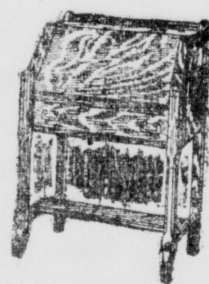

Ladies' Writing Desks

Our holiday line shows some beautiful new styles and finishes. We have them in mahogany, birdseye maple, fumed and golden oak in a number of handsome patterns. Some splendid values as low as \$8.50.

MORRIS CHAIRS

We are showing something new in Morris Chairs this year. We have a large assortment of styles but the one shown in the above illustration is the finest we have ever had. These chairs of fumed oak with Spanish leather cushions which match the wood with harmonious effect. Our line includes golden oak and mahogany with leather and leatherette and velvet cushions.

MORRIS CHAIRS \$7.00 TO \$30.00

Fine Stock of Couches

Leather couches tufted or plain, frames in all finishes of oak, luxurious Turkish couches, \$25.00 to \$65.00.

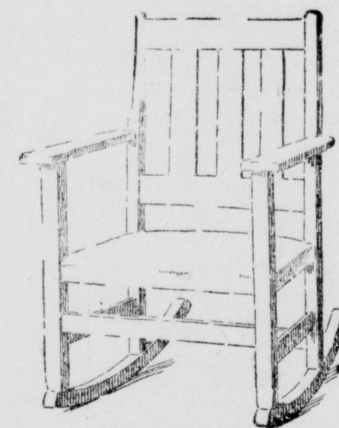

Couches upholstered in velvet \$8.50 up.

Luxurious Leather Upholstered Davenports and Couches

Special attention is called to the unequalled display of davenports and couches we are showing. Davenports, especially the richly cushioned ones in our store, are the aristocrats of the furniture kingdom.

Leather upholstered davenports in fumed and golden oak.

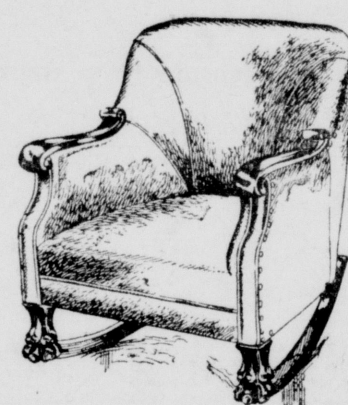

\$27.50 to \$75.00

Rockers and Easy Chairs

HUNDREDS OF STYLES TO CHOOSE FROM

We can't begin to tell you of one-half the different styles of rockers now on our floors, but will have to content ourselves by a brief mention of a few styles and ask you to come in and see for yourself. You'll find mahogany rockers, leather upholstered, spring cushion leather upholstered, sleepy hollow rockers,

rattan and raffa rockers in dozens of styles, with easy arm chairs to match, and rockers in all finishes of oak, great variety.

Leather upholstered mahogany Rockers \$20 to \$40.

Quartered oak Rockers, polish finish, \$3.50 to \$10.

Rattan and Raffia Rockers and Easy Chairs \$2.75 to \$12.50.

Oak Sewing Rockers \$1.25 up.

Bed-room Rockers—mahogany, birdseye, circular walnut, rattan, raffa and oak, \$2.75 to \$6.00.

A PRODUCT OF NATURE

—Warmed into life by the sun shining on Southern cotton fields, nurtured by rain and dew, the cotton plant concentrates in its seed the life-giving and life-sustaining quality which is the basis of Cottolene. From cottonseed to kitchen, human hands never touch the oil from which Cottolene is made. It is a product of Nature.

Lard comes from the fat of the hog—often impure, always indigestible. Cottolene, on the contrary is pure, and jelly made from the juice of choicest fruit is not more easily digested than this product of the oil extracted from the kernel of the cotton seed.

—We do prescription lens grinding. Any broken lens duplicated within an hour's time. Dr. Laerch, 116 East Fourth street.

Starters of Good Roads.

If highways are an evolution from the primary paths made by animals and men, the first roadmakers did not make their paths straight certainly, and many a road today is a monument to the leaders of roadmaking of the long ago. Nevertheless it is said that some animals, the buffalo especially, were pretty fair engineers. They had an eye for grade, which cannot be said of some of their successors. In the west engineers hunting pathways for railroads are said to have largely followed buffalo trails.

Christmas Goods at G. A. Edgars

This year we have a much larger stock than we have ever before carried

—OF—

Cut Glass and China

In China Dinner Ware we carry thirteen open stock patterns from either of which you can select a set of any desired number of pieces. We also have all the special sets and single odd pieces in a variety of designs.

Our stock of Cut Glass is easily the most complete to be found in Santa Ana and includes pieces of all kinds.

China for Children

Something new in our china for the young folks is our Mother Goose series. The ware is genuine imported china decorated with six different subjects from Mother Goose: Jack and Jill, Little Miss Muffit, Little Bo-Peep, Little Boy Blue, Jack and the Bean Stalk, and Little Jack Horner. There are all kinds of pieces for children beautifully decorated with the above subjects—plates, mugs, milk sets, pitchers, candlesticks, etc.

Don't miss seeing our line of Christmas China.
